

## Knowledge Organisers

These one page, fully editable knowledge organisers have been put together to support teachers when introducing a topic to their pupils. All of the knowledge organisers work alongside Oddizzi's schemes of work, pathway document and the year group vocabulary and glossary banks.

### Suggested Use

- Encourage prior research
- Discussed as a class at the beginning of a topic
- Stuck into books to refer back to throughout the unit
- Displayed in the classroom for reference
- Setting expectations for vocabulary to be used by pupils in their learning

### Structure

Each organiser contains:

- A **summary** of what will be covered in each unit of study
- **Key Facts**
- **Key Knowledge**
- A **vocabulary list** split into three helpful categories: place names, geographical terms and processes and locational terms
- Key **glossary terms** chosen from Oddizzi's Progression in Vocabulary document
- Pictures

*Please note: as this resource is a fully editable Word document, the layout may shift slightly depending on the version of Word you have opened it with. The same applies if you choose to add/edit/delete anything in the document.*

## Knowledge organiser – Weather and Seasons

### What will we be learning?

- Months of the year and seasons.
- Differences between the seasons.
- Features of different seasons.
- Clothing worn in different weather.
- Weather types in the UK.
- How the weather affects different jobs.

### Key facts

The months of the year:  
January, February, March, April, May, June, July,  
August, September, October, November, December.

The seasons of the UK:  
autumn, winter, spring and summer

### Key knowledge

In the UK, there are four different seasons. Each season has different weather types.

Winter is cold, wet and windy. It snows in some areas and gets dark early.

Spring brings warmer weather. Flowers start to grow and baby lambs are born.

In summer, the weather becomes hotter; there is often less rain, but there may be thunderstorms.

The weather starts to get colder in autumn. Leaves change colour and fall off the trees.

Place names	Geographical terms and processes	Locational terms
Antarctica Earth <i>My school</i>	rain season snow sunshine temperature wind	Arctic inside outside polar

### Glossary

**rain gauge:** *a tool you can use to show how much it has rained*

**season:** *a time of the year with a particular type of weather*

**temperature:** *how hot or cold it is*

**weather forecast:** *explaining what the weather will be like*
